

# Central pole light disc

**Light without fire**

## Central pole light disc key features

- Provides evenly distributed light in the Nordic tipi
- Easily mounted and adjusted
- Energy-efficient thanks to LED technology

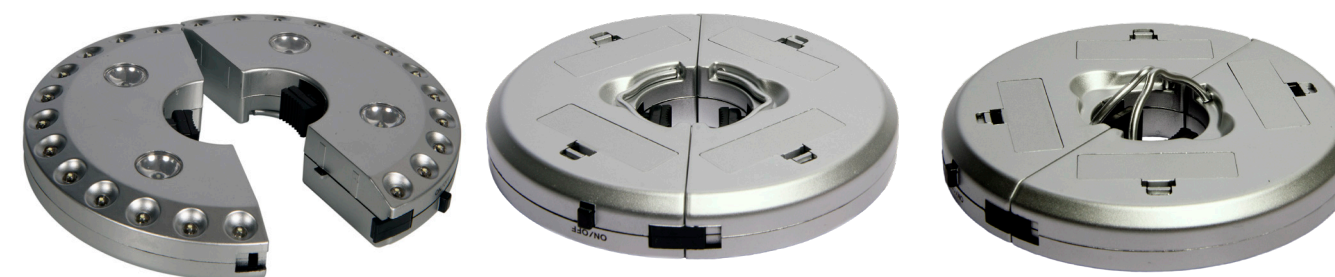

Our central pole light disc is easily mounted around the central pole. It is held firmly in place by spring-loaded, rubberized grips. The light disc fits the central poles of tent sizes 5, 7 and 9. The 28 LEDs are powered by four ordinary AA batteries.

Diameter: 16 cm. Weight: 160 g excluding batteries.

## Tentipi

- has its roots in Swedish Lapland – the homeland of the Sami káta
- stands for passion and expertise, especially when it comes to Nordic tipis
- has three decades of experience as the world-leading manufacturer of Nordic tipis
- has several patents and design rights for its original, ingenious design
- cares so deeply about its products that it only makes its Nordic tipis in its own fully-owned factories
- exposes every fifth tent to a full-scale rain test
- views every Nordic tipi as a unique product and gives it a personal ID to make it possible to track its components and specific design
- cares about previous customers by always striving to make new features also fit the older models of tents.

## Suitable for

Tentipi® single-pole Nordic tipis

## Why people choose Tentipi®

Because they think it is worthwhile investing extra money in order to get a superior product.

Because they believe that Tentipi's sole focus and passion for Nordic tipis give a better functioning and more reliable Nordic tipi.
